

Playing with Colors, Products, Embellishments and More

In this hands-on class, you will explore and learn about many products. Did you know that the Memories Ink brand is the same as Welburn Gourd Ink, Wuertz Gourd Ink and Stamping-up Ink? What are the differences in use between them and Adirondack Inks? Have you tried Transparent Acrylics, embossing powders, gold leafing, INKTENSE pencils, liquid acrylics, Gilders Paste, Rub-On colors, flocking? In addition to experimenting with these products you will learn different ways to create resist. This class is designed for you to learn and play with the products without the worry of ruining a project or blindly investing money in products you've never tried before. The picture does not include everything you will be able to play with.
